

Math Focus, Student Focus, Teacher Focus:
 Formative Assessment, Practice, and Differentiation made easy!
 The perfect online companion for any elementary math program.

Make SmartMath Your Response To Intervention Tool.

SmartMath provides:

- Evidence of accomplishments and success in easy-to-read graphical format.
- Tools to diagnose and remediate within the classroom.
- Differentiated content and pacing.
- A wealth of problems for practice, and offers rewards and challenges throughout the program.
- Parental involvement by allowing students to practice at home.
- An adaptive platform that remediates or enriches based on student progress.
- Tools for the teacher and district that make tracking student progress easy!

SmartMath:

We've done all the work for you!
